## Fjords® Comfort zones

# Fjords® 622 Grip

 Fjords® 622 Grip is distinguished by the soft cushion that the surface is equipped with. This cushion is specifically shaped to improve the comfort properties of the seat and back.

The model is supplied with six different bases. Sofas and chairs have height adjustable neck supports on high backs with the built-in **Fjords® Active Release System™**.

 Fjords® 622 Grip zeichnet sich durch eine weich gepolsterte, ergonomisch geformte Oberfläche aus, die die Komforteigenschaften von Sitz und Rückenlehne steigert.

Das Modell kann auf bis zu sechs unterschiedlichen Gestellen geliefert werden. Sessel und Sofa mit hoher Rückenlehne haben eine höhenverstellbare Nackenstütze und sind mit dem **Fjords® Active Release System™** ausgestattet.

 Fjords® 622 Grip se caractérise par sa surface au rembourrage moelleux, destinée à augmenter le confort du siège et du dossier.

La gamme propose un choix de six types de piétement. Canapés et fauteuils sont munis d'un appuie-tête réglable en hauteur sur dossier haut, et intègrent la fonction **Fjords® Active Release System™**.

 Fjords® 622 Grip kjennetegnes ved at overflaten er utstyrt med en myk dyne, som er riktig formet for å øke komfortegenskapene i sete og rygg.

Modellen leveres på inntil seks ulike understell. Sofa og stoler har høyderegulerbar nakkestøtte på høy rygg, med innebygget **Fjords® Active Release System™**.
